About us...

With over 10 years experience in the industry, Nicolas Group Pty Limited started out with a focus to provide a quality rubbish removal service. Since then the business has thrived as the demand for services grew rapidly. With the expansion of our client base came the added services of labour hire and demolition.

The success of the business has evolved through strong client relationships. We strive to continually deliver outcomes which exceed our customers expectations. 'Trust' is the hallmark of the Nicolas Group experience and has led to many clients choosing us for repeat business. This has been achieved with the strong support of a team of people who maintain a high level of service.

Why us..

Performance: we deliver projects on time every time, in a defect free nature.

Co-operation: we have a 'no hassle' cooperative approach and are willing to listen and work together to achieve the best possible result.

Integrity: we maintain an honest and open communication with our clients, with both parties committed to trust as a key element of success.

Labour Hire

Nicolas Group provides a large number of labour hire options to meet the demands of our clients. This service is provided 24 hours a day, 7 days a week and importantly, at a very competitive rate.

Our labour hire service:

- **100% reliability**
- **Fast response** - labourers booked within 2 hours
- **Fully insured** - workers compensation, public liability, professional indemnity
- **Experienced and skilled labourers** - all hold valid OHS Card

Rubbish Removal

Nicolas Group conducts a comprehensive waste removal operation servicing the Sydney region. From restricted access to out of hours work and night work, we deliver successful outcomes for all waste removal needs. In addition, our fully licensed team are experts in safe and efficient asbestos removal. We specialise in asbestos removal from garages, fences, walls and ceilings for residential and commercial projects.

In providing this service, we are conscious of the environment: we proactively recycle all waste by disposing of it at specially defined waste disposal stations. From there all rubbish is sorted, re-used and recycled where possible.

Demolition

Through our ability to provide a quality labour team, we provide solutions for all commercial interior demolition needs. We offer a wide range of demolition services using both cost and time effective strategies to ensure that your project runs as smoothly as possible. Our specialty projects include strip outs in pubs, clubs, hotels, schools, warehouses and shops. We remove partition and brick walls, glass, carpets, vinyl, tiles, and set ceilings.
